AUTHORIZATION FOR RELEASE AND USE OF HEALTH INFORMATION

I hereby authorize and direct my health care providers and their staff (including pharmacies that fill my prescriptions), and my health insurer(s) and their staff (collectively, the "Treating Parties") to disclose to Recordati Rare Diseases, Inc. including its parents, affiliates, and its third party business partners and other agents (collectively, "Recordati") information about my disease, treatment, insurance coverage, and payment for my therapy (together with the information I have provided on this Enrollment Form and may provide in the future, "my Information") for the purposes of (1) my ENJAYMO treatment by the Treating Parties and (2) Recordati providing me with patient support services in connection with my ENJAYMO therapy or otherwise sending me communications that I have agreed to receive elsewhere in this Enrollment Form.

I authorize the Treating Parties and Recordati to use and disclose my Information for the purposes permitted by HIPAA and for providing certain support services I agree to in this Enrollment Form, including, but not limited to: (1) operating and enrolling me in, and/or continuing my participation in the Recordati Rare Diseases Patient Solutions Program ("the Program") or any other Recordati-affiliated patient support services and activities related to my condition or treatment; (2) verifying, investigating and coordinating my health insurance coverage or resolving coverage or reimbursement inquiries and payment for Recordati products; (3) coordinating my receipt of and payment for Recordati products; and (4) contacting me for follow-up on any adverse event I may disclose regarding a Recordati product. I further authorize Recordati to de-identify my health information and use it in performing research, education, business analytics, and marketing studies, or for other commercial purposes, including linkage with other de-identified information Recordati may receive from other sources.

I understand that once my Information has been disclosed to Recordati, federal privacy laws may no longer protect the Information. However, Recordati intends to use and disclose my Information only in accordance with this Authorization or as otherwise permitted by law.
